Dear Sir:

Applicants' undersigned representatives respectfully request that the Examiner acknowledge all of the references cited on the Form PTO-1449 filed in the above-identified application on February 27, 2004.

Included with the Notice of Allowance dated May 13, 2005 for the above application, was a copy of the IDS Citation filed February 27, 2004 indicating that the foreign patents and non-patent documents were not considered by the Examiner because the references are not in the file nor in the parent file. However, all of the subject references were filed in the parent application on October 24, 2002 and acknowledged by the Examiner at the time of Allowance of the parent application. A copy of the original submission of the IDS along with a copy of the PTO date-stamped post card as well as a copy of the first 6 pages of U.S. Patent 6,856,002 (parent application no. 10/230,327) showing the printed list of references (as proof of filing) is attached for your convenience. Also, per a telephone conversation on June 3, 2005 between the Examiner and the
